

Model: CR-OW1 Fiber Optic Socket Panel

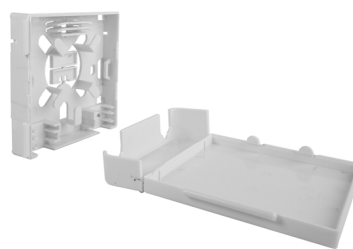

Description

CR-OW1 Fiber Optic Socket Panel is a compact, durable, and fireproof solution designed for FTTH (Fiber to the Home) and FTTD (Fiber to the Desktop) applications. It enables efficient termination, splicing, and management of optical fibers within residential buildings, villas, offices, and work areas.

Features:

- Compact, space-saving design
- Fireproof and dust-free PC material
- Supports SC / ST / LC / FC adapters
- Designed for fiber protection & safe bending radius
- Hinged cover with press-pull button lock for easy access
- Matches standard 86x86mm wall panels
- Wall-mounted with mechanical protection function
- Stores surplus fiber for easy operation and maintenance
